- 25X1A 1. Comment. The entrained units probably were headquarters units and signal elements of the Third Shock Army and the 105th Sig Regt. According to reports on transportation, shipments [ ] went from Magdeburg to Fasse-walk and Prenzlau on 27 and 28 August. The observation that five troop trains went to Angermuende from Forst Zinna and Luckenwalde between 26 and 28 August, and the entraining of about 50 motor vehicles of the Eighth Gds Army from Nohra in Weimar on 26 August, tend to indicate that a command-post exercise started in the area west and southwest of Stettin in late August. Movements from other army areas and the headquarters of the GOFG in Wuensdorf have not been observed.

- 25X1A 2. [ ] Comment. [ ] on 5 August, furnished similar information  
[ ] occupation of the barracks installations mentioned. See  
[ ] 25X1A
- 25X1A 3. [ ] Comment. It is undetermined whether these trains from Magdeburg, in  
connection with the movements mentioned in paragraph 1, also went to the  
northeast of the zone.
- 25X1A 4. [ ] Comment. Information [ ] of paragraph 3 tends to indicate that  
the known bivouacs of the 6th and 7th Gds Mecz Div in the north of Biesdorf  
and in Karlshorst were still occupied on 27 August. According to paragraph 5,  
units of the 7th Gds Mecz Div were possibly stationed only in the area south-  
west of the south station in Wuhlheide. According to reports on transportation,  
the train loaded on 28 August with elements of the 6th Gds Mecz Div went to  
Biesenthal [ ]
- 25X1 5. [ ] Comment. No other information on exercises in this area is available.
- 25X1A 6. [ ] Comment. The observations also tend to indicate that units of the 6th  
Gds Mecz Div continually conducted exercises in the area southwest of Bad  
Freienwalde. It is believed that the bulk of the 240 th Gds Mort Regt  
participated in these exercises, [ ] on the evening of 24 August, 25X1  
observed that the regiment left the barracks installation in Bad Freienwalde.  
[ ] 25X1A
- 25X1A 7. [ ] Comment. [ ] paragraph 9 observed the return from Neubukow and  
Kroepelin of medium units of the 32d AAA Div (US) on trains [ ] 25X1C  
[ ] on 16 August; and of light units from Jueterbog on trains [ ]  
[ ] on 21 August. The movements toward Manschnow are accounted for by 25X1C  
the fact that details of the division are detached for guard duty at an  
undetermined place toward Berlin.
- 25X1A 8. [ ] Comment. According to reports on transportation, trains [ ] 25X1C  
[ ] were dispatched to Kroepelin and Neubukow  
from Frankfurt/Oder. [ ] observed the loading of one of these  
trains with elements of the 32d AAA Div (US). However, the loading of field  
howitzers is doubted.
- 25X1A 9. [ ] Comment. According to railroad records, these shipments of tank units  
of the 7th Gds Mecz Div on 23 and 24 August went to Grunow [ ] 25X1  
[ ] The units probably participated in exercises  
believed to be held in this area. [ ] On 27 August, 25X1A  
the units were retransferred on trains [ ] The two trains  
observed on 23 August went to Frankfurt/Oder and had come from Beaskow.  
They were also connected with the exercises mentioned.
